

# Kids' Chance of South Carolina

## Annual Report

2013

Dear Friends of Kids' Chance,

It is my pleasure to share with you some of the highlights of this past year as well as our vision for the future of Kids' Chance of South Carolina. During 2013, we awarded scholarships totaling \$78,251.71. Our fundraisers welcomed an increase number of participants and attendees resulting in increased revenue for scholarships.

Over the next several years we will be focusing our energies on several major priorities including:

- Increased branding and awareness.
- Nearing the \$1 million dollar mark in scholarship allocations – WOW! Our annual allocation of awards continues to increase so we expect to reach this mark in a relatively short time.
- Utilizing media sources to share Kids' Chance with others.
- Developing additional partnerships to further our mission.
- Growing participation and involvement of scholarship recipients in Kids' Chance events.
- Increasing fundraising efforts.
- Celebrating 20 years of providing higher education opportunities to the dependents of South Carolina's injured workers.

Kids' Chance of South Carolina needs the involvement and support of our extended family in order to reach our goals and to address the needs of those we serve... young people advancing academically with the help of Kids' Chance!

Thank you for your continued support!

A handwritten signature in cursive script that reads 'Angie Kohl'.

Thank  
You

Kid's Chance of South Carolina,

May 2013

Thank you for the continuous support & encouragement. I could not have completed college without your help. You not only provided me with the education I needed but you also freed my parents of the financial burden of college.

Thank you also for allowing me to have the opportunity to attend various events you have hosted. This helped me gain self-confidence and encouraged me to keep pushing forward. Thank you again Kid's Chance for understanding and providing me an opportunity for a brighter future.

♥, Anna Miller
